

## Formating Guidelines for Abstract

The abstract should clearly show the objectives, materials and methods, results and conclusions of the study. A maximum of 400 words should be written in English as a single paragraph and with single spacing. Abstracts should include Title, Author(s) name(s) and surname, institutions (with mailing address and email address) and 3 key words. The Times New Roman 12 font size should be used and margins set at 2.5 cm on all sides. Abstracts should be submitted as a 'Word' attachment and will be reviewed by the Scientific Committee before publication in the Abstract CD.
